## WILL WE GO TO WAR?

Great Britain Getting Entirely Too Fresh.

VERY MOMENTOUS QUESTION.

Our Ambassador at London Informed That the United States Must Keep Out of the Venezuelan Affair—The Monroe Doctrine Must Be Upheld by the Present Administration.

WASHINGTON, April 4.—There is reason to believe that the British government has given our ambassador, Mr. Bayard, to understand, in response to his representatives in the Venezuelan boundary matter and his suggestion that it be submitted to arbitration, that it must persist in regarding the subject as one in which only Great Britain and Venezuela are concerned.

Of course the idea was set out very diplomatically and courteously, so as to avoid giving offense as far as possible, while still making it plain that the United States could not be regarded as having any proper interest in the matter. As it stands, the British government still insists upon its absolute title and right to occupy all of the territory to the eastward of the Schomburgk line, while professing a willingness to submit to arbitration its claims to the lands lying west of that line. This was the offer made to Venezuela years ago, and it has not been modified in any respects since, notwithstanding Mr. Bayard's efforts.

It has been intimated that the United States might acquire a right to intervene in behalf of Venezuela by declaring a protectorate over that country with the assent of its people, and behind this suggestion is at least one of the great European powers, who would be glad to have its relations with the disturbed countries of South and Central America placed on a stable basis so that it might look to some thoroughly responsible highly civilized government to ensure the permanence of trade and prevent frequent revolutions. But to concede the necessity for such a protectorate as a prerequisite to interfering to prevent the acquisition of American territory by an European power would amount to a renunciation of the Monroe doctrine by the United States, and this can not be contemplated by the administration.

There are indications that the British foreign office officials are willing to discuss this feature of the case with Mr. Bayard at length, and so the negotiations may drag along for many months unless a collision occurs between the British and Venezuelan forces in the disputed territory, or the new Minnesota company forces an issue by beginning operations under the large concession it has obtained from Venezuela of lands in that section.

It is apparent that the progress of Mr. Bayard's efforts are being watched with intense interest by all of the diplomatic representatives of the South and Central American countries stationed in Washington, for they realize that the issue may be of vital importance to all of them in the future. They had expected that the administration would be called upon to assume a definite position in respect to the extent it would permit the European powers to interfere in the affairs of the American republics in the recent San Domingo affair, but the United States was enabled to avoid the issue owing to concessions on the part of France resulting in an American cable adjustment of her differences with the Dominicans.

One of these diplomatic representatives, in speaking upon this subject, remarked that the majority of the southern republics were staggering under foreign debts and were unable longer to meet their obligations. They could not meet the interest on these debts, much less could they pay off the principal, owing to the terrible commercial depression. Some of these countries had defaulted on their interest on foreign debts, and in others, notably Costa Rica, it was now proposed to repudiate at least half of the debt.

The question confronting these countries is whether the United States will stand by and permit the creditor nations of Europe to collect these debts by force. Meanwhile, to strengthen their claim for protection upon the United States, there is in progress among the smaller and weaker republics a movement to entangle their interests with our own, so as to make it a matter of deep concern to our people should any European power attack them.

The first indications of this policy was seen in the claim of San Domingo to exemption from the French demand upon her revenues on the ground that these had all been farmed out to an American corporation, which would be ruined by compliance with the French demand. Then there is the recent concession made to an American corporation to Venezuela to force the United States into the issue between her and Great Britain by motives of direct self-interest, and in other countries there has been adopted a policy of farming out to syndicates certain privileges, such as the right to import tobacco and opium and the collection of custom duties.

Venezuela Does Not Want Trouble.  
ROME, April 4.—Count M. Giano, who was sent to Venezuela by the Italian government, has arrived at Caracas, where he has had a conference with the Venezuelan government respecting the European claims. The count has cabled the Italian government that the new Venezuelan ministry appears to be desirous of a pacific solution of the inci-

dent between Venezuela and France and Belgium arising from the comments of the representatives of the latter two countries on Venezuela's treatment of foreign claims.

### POSTOFFICE ROBBERED.

Ten Thousand Dollars' Worth of Stamps and Silverware Stolen.

SPRINGFIELD, Ill., April 4.—The postoffice here was robbed of about \$10,000 worth of stamps and silverware. The robbery was committed about noon while Postmaster Ridgely was at dinner. The robbery was not discovered until 5 o'clock, and those implicated have so far covered up their tracks.

Access was gained to the vault by the use of duplicate keys. The vault is located in the postmaster's private office and the combination is never turned except at night. In order to secure entrance to the vault two keys had to be used, one to open the spring lock on the door of the office and the other to the inner door of the vault. Both of these doors were locked when Mr. Ridgely returned to the office after lunch.

Besides the stamps Mr. Ridgely had stored in the vault his wedding presents, valued at \$1,000. The stamps and silverware would make an enormous package, and it is hard to conceive of a method to take them from the building in broad daylight without observation. It was 5 o'clock when Assistant Postmaster Murphy had occasion to go to the vault for stamps. He found the interior of the vault in wild disorder and everything of value removed. This was the first intimation that the place had been looted.

Mr. Ridgely until a few days ago had \$30,000 in cash in the vault, and the theory is advanced that the thieves had some intimation of this, and that they were after it. The work is no doubt that of experts, as they were compelled to work for fully a week in order to secure their keys, as the only opportunity they could avail themselves of was at noon, when the postmaster and most of the clerks are away.

### MURDER CAUSED BY JEALOUSY.

Prominent Oklahoma Man Instantly Kills His Wife.

OKLAHOMA CITY, O. T., April 4.—Harry St. John, son of ex-Governor John P. St. John of Kansas and a member of the last Oklahoma legislature, shot and killed his wife yesterday afternoon at his home, two miles east of this city. By some means he had become possessed of a letter addressed to her and demanded to know the writer. Yesterday afternoon about 3 o'clock he hired a buggy and drove out to his place, and securing a gun, confronted his wife with the letter, threatening to kill her if she did not disclose the author. She refused, and, as he claims, the gun was discharged accidentally, shooting her through the breast. She died without uttering a word.

Mrs. St. John was a Miss May Felton. Her father, Willard Felton, was formerly county judge of Saginaw county, Colo., and later warden of the Colorado state penitentiary. She leaves two small children. She was about 28 years of age, and her husband is about 35, a lawyer by profession, who has lived in Oklahoma since 1889. St. John is under arrest, but refuses to talk.

Cotter Black has impaneled a jury, but a verdict has not yet been rendered. The dead woman is his second wife. His first wife, who is now living in Illinois, secured a divorce from him in 1887, alleging drunkenness.

### DEATH OF MRS. STEVENS.

New York Society Now Number but Three Hundred and Ninety-Eight.

NEW YORK, April 4.—Mrs. Paron Stevens, who, with the late Ward McAllister, was for many years a society leader of New York, died of pneumonia at her home, 1 East Fifty-seventh street, at 3:15 o'clock yesterday afternoon. Mrs. Stevens was one of the large family of Judge Reed, a prominent jurist of Massachusetts, and was born in Lowell a little more than 61 years ago. While she was only a girl she met Paron Stevens, owner of the Tremont hotel of this city, to whom she was married a year later. Mr. Stevens died 20 years ago, leaving an estate valued at almost a million dollars.

Two children were born to the couple. They were Henry Stevens, who died 12 years ago, and Mary Fisk Stevens, who is the wife of Sir Arthur Henry Paget of London. The Pagets have three children, who will be the direct heirs of Mrs. Stevens.

It was stated at her home last night that a cablegram had been sent to Lady Paget on Tuesday bidding her come to this country immediately, and it is thought she sailed yesterday and may not know of her mother's death till she arrives in this city.

### PRIZE FIGHTING IN FLORIDA.

Governor Mitchell Recommends a Law to Prevent It.

TALLAHASSEE, Fla., April 4.—In his message on the convening of the legislature here, Governor Mitchell, in strong terms, recommended that "these prize fights, or glove contests, be made felonies by statute, with such penalties attached as will cause these things to respect law and to respect law-abiding, God-fearing people of the state in pursuit of all their rights as citizens."

According to the governor's view the new law should authorize sheriffs to enter a house or enclosure and arrest on suspicion of a fight, and it should also make persons present at the fight guilty of a felony, and upon conviction be punished the same as the principals.

No one can say at this state how strong the anti-fight sentiment in the state is, but it seems likely that a bill embodying these ideas will meet with opposition.

## GUERRILLA WARFARE.

Such is the Extent of the Cuban Insurrection.

A BATTLE FOUGHT EVERY DAY.

Villages Plundered and the Inhabitants Robbed—A Private Letter Furnishes an Account of the Rebellion Heretofore Unpublished—The True State of Affairs on the Island.

KEY WEST, April 4.—Advice from trustworthy source in Havana have been received here. They show that it is definitely known in Havana that over 5,000 fully armed rebels are in the field. The rebel general, Guillermon, who was announced to be dead by the Spanish authorities, is alive, but is extremely sick. He is safely hidden in the western part of the island.

The insurgents following the leadership of Masoco, Rabin, Miro, Sartorio and Manana are dashing about in detached bands, pursuing a guerilla warfare. At Yareal one of these bands swooped down on the village and plundered the residents of \$400 and a quantity of jewelry, getting away unscathed. Then they proceeded to Daumian. When the government troops pursuing them reached Daumian all trace of the insurgents was lost.

The government has learned that Enrique Calzadilla has arrived at Tampa from New York. The authorities are uneasy concerning the whereabouts of Antonio Maceo, who sailed a short time ago from Colon with the intention of landing in Cuba. They profess yet to believe that the patrol of the coast prevented him from landing, and that he was compelled to go ashore on one of the Bahama islands.

The authorities in the Matanzas district, which is but a short distance to the eastward of Havana, have captured on a cattle ranch a number of rifles and machettes, 2,000 cartridges and 200 revolvers.

### TRUE STATE OF AFFAIRS.

A Private Letter Furnishes Details Heretofore Unpublished.

JACKSONVILLE, Fla., April 4.—A special to the Florida Citizen from Tampa says: The following letter has been received by a prominent Cuban here from a friend in central Cuba:

"It is the object of this letter to give you some account of matters around here. The autonomists here are very much afraid, but by and by they will take the proper way, and it will not be long before they get into the rebellion. The reformists are quite disappointed with affairs, but are waiting for Martinez Campos. They are preparing for the election of a deputacion unique. The government is disposed to give them all they want, but the country does not want that. The conservative party, it is said, wants the annexation of Cuba to the United States. This is the last account."

"At Santiago there are 10,000 men with the insurgents. They fight the Spanish troops every day in engagements of two, three and four hours' running. A great number of the Spanish troops have come over to the Cubans and besides that they may go on in this way for Spain has no money to pay the army and necessity will oblige them to desert the Spanish flag. At the very moment that I write this, news has reached me that a large party is under arms at Jaguay Grande and this, as you know, is in the province of Matanzas. It is not strange that after this will follow some new uprisings, for there is great excitement all over the country. The American fleet is around this shore and all the Spanish men-of-war are at port on account of the panic that has already taken possession of them. But this is not enough, it thinks the Americans must send some more vessels here to give more protection to Cubans who are American citizens."

"The people here are ready for the contest. All we want from you is to send arms, ammunition and plenty of powder. If there are some men wanting to come here to help us, it is necessary that all be in accord. The mail now is opened by the Spanish authorities so that you must be careful when you write to me. The arrival of Maximo Gomez is awaited with great anxiety. Do not answer to my name, and as you can write to me in Greek, it seems better to do so. You know why I tell you this."

As a postscript there is added that for \$50,000 the writer can buy 10,000 small Remington rifles. It seems that these were purchased some time since by a wealthy Spaniard from some European army from which they were discarded at an exceedingly low rate, and now he is offering them to the insurgents.

The following news comes from Santiago:

"The steamship Julia has brought 3,000 uniforms from Spain with which the Spanish are being equipped. General Lachambre will go out with the uniformed troops, which is very necessary, for the scout troops at the command of Generals Garrieh, Santocildes and Zbikowski have their hands full maintaining their positions at Manzanillo, Baure and Bayamo."

"Count Pochi, a nephew of Pope Leo XIII, residing in Santiago, raised his finest steed and stableman from his stables. Some days later the horse was returned by an insurgent chief, who stated that the horse was not good for the rebellion, but that the servant was just the man for a rifle and machette."

La Union Constitucional, a Spanish official organ of March 30, says: "As

everybody will see, we are receiving from Madrid the reports regarding the troubles here in China. It is strange such news should not be given here before it ever saw the ocean twice. It would greatly facilitate the publication of official news which can not be excluded from the knowledge of the government which must know the truth. Every occurrence of the insurrection is kept away from us, and when the news at last arrives, it occasions more alarm on account of our total ignorance of affairs. We do not mean to reflect on the government on account of this reverse, on the contrary we think it right where it answers the prudent patriotic ideas and for this reason we have concurred in it, even submitting of our own accord our work to the censorship of the authorities in the shape of the first letter from our correspondents in the eastern department."

### STRANGE BURGLAR.

Hotel Worker Who Is Supposed to Be Known in Many Cities.

NEW YORK, April 4.—A man who said he was Samuel J. Richards, but who refused to give his address, is locked up in the Church-street police station on the charge of burglary.

The police believe he is one of the gang of thieves who have been working the hotels of this and other cities during the past six months. The man was arrested Tuesday in the Murray Hill hotel as he was about to engage a room by Detective McMurray of the Astor House.

He registered a week ago at the Astor House as J. W. Richardson of Louisville, and was assigned to room No. 340 on the fourth floor. He had not been in the hotel long before the guests who occupied adjoining rooms began to report thefts of small articles from their rooms.

He left suddenly and, suspicion attaching to him, detectives located him at the Murray Hill, where he was registered as Henry W. Niles of Cincinnati.

At the Church street station jewelry that Astor House guests had lost was found in his pockets.

### OHIO MINERS.

They Will Aid Their Pittsburgh Brethren, but Will Not Strike.

COLUMBUS, O., April 4.—The Ohio miners had a long executive session, discussing the proposition to endorse the strike of the Pittsburgh miners for the 60-cent rate. Some of the delegates objected to the proposition, claiming it would practically pledge the Ohio miners to strike in sympathy with the Pittsburgh men in case the latter failed to win singlehanded. A compromise was reached by instructing President Adams to wire the Pittsburgh miners urging them to continue their fight, and promising assistance.

In the election of officers President A. A. Adams, who attained considerable notoriety by charging the national officers with corruption in the settlement of the big strike last summer, was defeated for re-election by Michael Ratchford of Massillon by a vote of 137 to 97.

### Kentucky Murder.

VANCEBURG, Ky., April 4.—The people of this county are wrought up to an intense pitch over a brutal murder committed Saturday night. The body of Mrs. Mary Carnes, wife of John Carnes, who it was first thought had died of heart disease and was buried Monday, was yesterday exhumed and an inquest held by Magistrate Fisher, acting coroner. It was discovered that the woman's neck had been broken. John Carnes and his aged mother, Harriet Carnes, were at once arrested and brought here and lodged in jail. No one was present but Carnes, his mother and two children on the night of the murder.

### Cleveland's Brother Asked to Resign.

WATERTOWN, N. Y., April 4.—By a vote of 28 to 1, during an exciting session, the congregation of the Presbyterian church at Champlain, this county, has decided to ask Rev. William Cleveland, brother of President Cleveland, to tender his resignation of the pastorate. It is reported that politics has been a disturbing element, although Mr. Cleveland took no part in politics. Mr. Cleveland will appeal to the presbytery.

### Three Men Drowned.

BALTIMORE, April 4.—By the sinking of a scow, three men, two whites and one colored, were drowned at the mouth of Magoddy river Tuesday afternoon. The drowned men were: Robert Andrews, of Philadelphia, captain of the schooner Sidney E. Jones; Washington Andrews, Jr., aged 18 years, the captain's nephew, and John Phillips, colored, of Baltimore. The bodies have not yet been recovered.

### Ice Still in Lake Erie.

CLEVELAND, April 4.—The attempt to open navigation on Lake Erie yesterday by starting one of the Detroit and Cleveland lake steamers was postponed on account of ice, which blocks this harbor and extends two miles or more out into the lake. The continued north wind has piled the ice up on the south shore.

### Prize Fight Stopped.

NEW YORK, April 4.—At the Seaside Athletic club last night the fight was ordered stopped in the eighth round and Walcott was declared the winner over Dunn.

### Cash and Gold Reserve.

WASHINGTON, April 4.—Yesterday's statement of the condition of the treasury shows: Available cash balance, \$186,536,571; gold reserve, \$80,560,730.

### Paper Mill Burned.

CUYAHOGA FALLS, O., April 4.—Fire last night destroyed Walsh Brothers' paper mill here. The loss is \$20,000, and 40 men are thrown out of employment.

## RIVER STEAMER LOST

The Iron Queen Destroyed by Fire.

ONE COLORED WOMAN DROWNED

All the Rest of the Passengers and Crew Saved, but Lost All Their Possessions on Board—The Boat Was the Fastest and Finest Steamer on the Upper Ohio River. Details of the Disaster.

POMEROY, O., April 4.—The Iron Queen, the finest stern wheel passenger and freight steamer running on the Ohio river, was burned to the water's edge at 8 a. m. Wednesday at Antiquity, O.

The stern of the hull is lying in 30 feet of water, with the bow against the bank. Only a few pieces of burned wreckage shows above water. The hull was not scuttled, and burned to the water's edge before she sank, consuming much of the valuable freight below decks. One hundred barrels of whisky, 30 barrels of lard and 140 tons of pig iron was in the hold, besides other articles.

The disaster was caused by a deck-hand knocking down a large brass lamp on the after deck as he was about to throw down a bunch of hooppoles. It was the only lamp burning on the boat at the time, the electric lights having been turned out. The burning oil fell among a lot of household goods. The hose was turned on in less than a minute but served only to spread the fire more rapidly. The flames leaped to the cabin floor, communicating at once to the engine room and 60 tons of straw forward. The cabin was consumed in less than 10 minutes.

All the passengers and crew rushed forward to the head of the boat, which was lying close to the bank. Mrs. Mattie Malloy, colored, first chambermaid, from Cincinnati, rushed back to get some clothing. The flames had enveloped the cabin before she could get back, and she attempted to climb down a stationary stanchion on the shore side near the wheel. In doing so she fell into the river and was drowned 40 feet from shore. The body has not been recovered. It is being diligently searched for by the officers, with little hopes of recovery, as the water is very deep at this point. It is reasonably certain that this is the only life lost.

Mate Shriver and Second Mate Rod Knowles had narrow escapes. The officers lost all their clothing except what they had on. The farmers in the locality took care of the crew and passengers until they could be sent away by rail. Captain Calhoun and his chief officers will remain on the ground a few days. This is Captain Calhoun's first disaster in his long experience as a steamboatman in 43 years. Mate Knowles had never before lost a life or had a boat burned.

The total loss is estimated at \$100,000. The insurance is placed with Pittsburgh companies. The Queen was 2 years old in March.

Mrs. Gertrude Green, wife of W. S. Green of Pittsburgh, had \$1,800 worth of furniture destroyed. She had shipped it from Cincinnati.

### METAL MANIPULATORS.

The Sheet Iron and Corrugated Workers' International Union Meeting.

INDIANAPOLIS, April 4.—The tin, sheet iron and corrugated workers' international union met yesterday in the state house. An address of welcome was delivered by President Prescott of the International Typographical union and James Duncann, vice president of the American Federation of Labor.

The committee on credentials, composed of Hughes of Pittsburgh, Gilmore of Toledo, Hunnegan of Omaha, Hockett of Indianapolis and McGinnis of Detroit was appointed by President Pouchet of Chicago. The credentials of 30 delegates were presented to the committee in the afternoon. The reports of the officers of the organization will next be submitted, and after they are disposed of constitutional amendments will be discussed. The secretary is L. R. Sale of Lafayette and the treasurer G. H. Horan of Louisville.

### Strikers' Fight.

MUNCIE, Ind., April 4.—Tuesday morning a dozen bootmakers employed at the Indiana iron works struck for higher wages. A majority of the men refused to join in the strike, and when they left the mill that night they were attacked by the strikers, and a general fight followed. Wednesday the men refused to return to work and made a more dangerous assault than the first. Foreman Charles Parker, of the works, was dangerously injured. John Soules and Edward Frank are also disabled. Of the strikers several were badly bruised. The most severely injured are: Thomas and Peter Mulveyhill, Fritz Kiddick, Daniel Ryan and Thomas Nohm. Several kinds of weapons were used but there was no shooting.

### Privileges of a Prayer.

LOS ANGELES, April 4.—In a decision rendered in connection with the suit for slander brought by Miss Tosen A. Kelso, librarian of the public library here, against Rev. J. C. Campbell, Judge Clark overruled the demurrer of the defendant that his statement was privileged, because it was uttered in the course of a prayer before his congregation in the First Methodist Episcopal church. The court holds that no prayer containing a slander publicly uttered can be exempt from legal consequences, and that no communication made by a pastor to his congregation is privileged because of each relation.

## EVENING BULLETIN.

DAILY, EXCEPT SUNDAY.  
ROSSER & MCCARTHY,  
Proprietors.  
THURSDAY, APRIL 4, 1895.

**Increasing cloudiness; warmer weather; east winds.**

HON. R. P. JACOBS, of Danville, declines to enter the race for Governor. He says he is not a candidate for any office and doesn't expect to be.

It is now reported that instead of ten acres, a Nicholas County farmer will plant, under contract with a pickle factory, thirty acres of red pepper.

JACK KELLEY, an employe at the cotton mills, caught one of his fingers in some machinery this morning and it was injured so badly that it had to be amputated. It was taken off by Dr. Owens.

BIG BOX SPRINGS down in Boone County was struck by a cyclone Monday and the big summer hotel owned by Judge McLaughlin of Covington was considerably damaged. One wing of the building was demolished. Mr. McLaughlin is the father of Mrs. Robert Picklin of this city.

DR. EDWIN E. MATTHEWS, of Mayfield, graduated this week from the Ohio College of Dental Surgery, of Cincinnati, and will locate soon in this city for the practice of his profession. A cordial welcome awaits him. He is a son of Hon. Walter Matthews, and has been a close student for several years, finishing among the first of his class.

EASTER novelties just received. A most beautiful line of goods suitable for Easter presents, in sterling silver novelties, at P. J. Murphy's, the jeweler. Also the largest line of goods suitable for bridal presents, in cut glass, banquet lamps, onyx-top tables, sterling silver case goods, bronzes and many other goods that go to make acceptable presents. Call and let us show you what we have.

A FAMILY named Collins, consisting of the husband, wife and three children, came here from Cincinnati early this morning on the steamer St. Lawrence. Chief of Police Ort and his assistants corralled them at the wharfbat and sent them back to the Queen City on the next boat. They admitted there had been some cases of small-pox within a few squares of their home in Cincinnati, and it was thought safest to send them back to that city.

The intelligent juror has been in evidence again. At Hawesville the other day in a case against the Receiver of the L., St. L. and T. railroad, the jury reported to the court that ten of them had agreed upon a verdict. Shortly after they had returned to the juryroom to sign the verdict one of the jurors was seen to leave the room and take his seat among the spectators. The Judge asked an explanation and the juror replied: "Well, Judge, I'm not agreeing to their verdict and have done quit 'em."

### COUNTY CULLINGS.

**Items Picked Up by the Bulletin's Correspondents in Mason and Elsewhere.**

#### MT. GILEAD.

Hog cholera is still prevailing.  
Miss Minnie Stone has an attack of the grippe.  
Mr. H. C. Stone though weak is able to get out and assist in his farm work.  
Miss Lydia Moorehead's fine family horse while standing hitched to a wagon fell and died without a struggle. Supposed to be (what has gotten to be so common with man) heart failure.  
The community is all astir concerning the small-pox, cases being reported within a few miles in different directions, causing such a call for virus that it is with some difficulty that Dr. Clark obtains enough to supply the demand for vaccination.

The turnpike question is still being agitated. As there are many birds of many kinds, so there are many men of many minds. Both parties can argue their advantages, and as it is a very important matter it should be well weighed, and that by the most solid thinking men of the country. There are too many advantages and disadvantages pro and con for some of its one-horse fellows to presume to discuss successfully, but will venture to say that in all the plans suggested, or in what may be suggested in favor of free pikes, let it be understood that in the event any one of them should be successful, whoever uses the road in any business for profit should pay license for so doing, which would be necessary to equalize the trade with the city and country. To keep this point in view we think it will go far to weaken the argument against free pikes.

#### Prompt Payment.

Eight thousand dollars, the amount of life insurance carried by the late Thomas Wells in the Equitable Life Assurance Society, was paid yesterday to his widow by the company's agent, Mr. J. D. Rumans.

Mr. Wells has insurance in other companies but as is usual the Equitable was first to settle. Mr. Wells died March 21st, and the draft was signed on March 27th, the day the proof of his death reached New York. No company could be more prompt.

## THE TURNPIKE QUESTION.

**A Prominent Farmer Presents a Plan for Settling the Matter—What He Proposes.**

The Fiscal Court has fixed upon Friday at 10 a. m. to consider the turnpike question. A prominent farmer and a big tax-payer asks the BULLETIN to lay before its readers his plan for settling the matter. He regards it just and equitable and does not think it would prove burdensome to the people of the county. It is as follows:

"Provided the interests held in the Mason and Braeken, Maysville and Lexington, Maysville and Mt. Sterling, Maysville and Mt. Carmel and Mason and Lewis roads, exclusive of that owned by the State, county and city in these properties, can be secured for a reasonable amount, say \$80,000, so as to give the county ownership of the roads within the county, let the county buy them, retain the gates thereon, reduce the tolls to the rate prescribed by the act of the last Legislature, then apply the tolls collected in keeping them in repair and in payment of the purchase money. When the cash price has been paid reduce the tolls to a rate just sufficient to keep the roads in good order.

"The writer estimates the present toll receipts on these roads within the county to be \$24,000 annually. The tolls reduced to the statutory rate as above provided would reduce the annual receipts, perhaps, to about \$19,000. The annual cost of keeping these roads in repair including \$1,000 for a Superintendent would not, in believe, exceed \$7,000. This would leave a balance of \$12,000, annually for payment of interest and reduction of debt, which in ten years time or less would pay for the roads. To accomplish this we suggest that the county issue ten bonds of equal denominations maturing consecutively in one to ten years. If the receipts of tolls are not sufficient any year to meet the maturing bond, interest, and repairs the deficit should be made up by a county levy, but in believe the tolls would be sufficient.

"The adoption of this plan would secure the desired reduction of tolls on the roads mentioned, avoid heavy taxation and, perhaps, taxation altogether, secure equal benefits to all, and within ten years give the county ownership of the properties. By this time and, perhaps, sooner the county doubtless will be belted by an electric or steam railway giving easy and rapid transit to and from the remotest parts of the county and adjacent country. Maysville would reap far greater benefit by investing in an enterprise of this kind than by paying out any thing for free travel.

"This solution of the problem we believe would be more acceptable to the people, if it can be accomplished, than building and improving certain roads suggested by Squire Bramel and others, as the difference in the cost when his roads had been made as good as the above properties would be immaterial; then the five roads named have the advantage of location and would better and more generally accommodate the travel. If, however, the court should decide to make and improve the roads suggested by Squire Bramel we believe the best interests of the county will be served by erecting gates and collecting tolls sufficient to keep them in good order.

"The objection to the plan suggested by Judge Wall seems to be that the county would pay out annually about \$5,000, and acquire no property rights in the roads though this be kept up indefinitely, and within sixteen years, about, would have paid out enough in rents to the companies to have purchased their properties. We respectfully submit these suggestions to the consideration of the members of the Fiscal Court and ask them to consider them along with other plans which have been suggested, feeling assured that in their intelligence, and integrity, and loyalty to the county's interests, that plan will be adopted best subserving the welfare of the people."

### The Farmers' and Shippers' Warehouse Company.

The annual meeting of the stockholders of the Farmers' and Shippers' Tobacco Warehouse Company of Cincinnati was held this week.

The stockholders unanimously re-elected the old Board of Directors, consisting of Dr. W. A. Bradford, W. H. Robb, Judge George V. Payne, M. M. Kirkpatrick, J. D. Hearne and Henry Worthington. These gentlemen in turn re-elected D. C. Collins President and George W. Greene, Secretary and Treasurer. A semi-annual dividend was declared, payable on May 15.

#### Residence For Sale.

The two-story brick residence on the southwest side of Short street will be sold publicly on Monday, April 8th, 1895, at 1:30 p. m. Terms: one third cash, balance in one and two years.

Mrs. HANNAH CURTIS.

## IMPORTANT CHANGES.

**In Rules For Kentucky Democratic Precinct Meetings.**

FRANKFORT, Ky., April 1.—The following notice of an important change of rules in calling the precinct meetings for the Democratic State convention was promulgated to-day by Hon. John D. Carroll, Chairman of the State Executive Committee:

"The rules heretofore adopted by the State Executive Committee in so far as they apply to holding precinct meetings on June 15, 1895, are amended as follows: The voters now residing within the boundaries of the several voting precincts as they were fixed and located at the November election held in 1892 will assemble at the places at which the election was held in said precincts in November, 1892, and select delegates as heretofore directed. Changes made in precinct lines since the November election of 1892 by the creating of new precincts, or the alteration of old ones, will be ignored in holding these precinct meetings."

### The Modern Mother.

Has found that her little ones are improved more by the pleasant laxative, Syrup of Figs, when in need of the laxative effect of a gentle remedy, than by any other, and that it is more acceptable to them. Children enjoy it and it benefits them. The true remedy, Syrup of Figs, is manufactured by the California Fig Syrup Co. only.

Mr. M. F. COUGHLIN and brother have bought the interest of Mr. James Shackelford in the undertaking business of the old and well-known firm of Messrs. Myall & Shackelford. The carriage business will be continued by Myall & Shackelford.

MR. JAMES MAHER has purchased Mrs. Alice O'Mara's grocery and will continue the business at Mrs. O'Mara's present stand on Market street.

Mrs. MARY BROWN Day, State Librarian, has paid into the State Treasury \$15,000 since she took charge of her office, from the sale of books.

The "Thirteen Club" spent Tuesday evening very pleasantly as guests of Miss Sadie Girvin, of the Sixth ward.

### KNOWLEDGE

Brings comfort and improvement and tends to personal enjoyment when rightly used. The many, who live better than others and enjoy life more, with less expenditure, by more promptly adopting the world's best products to the needs of physical being, will attest the value to health of the pure liquid laxative principles embraced in the remedy, Syrup of Figs.

Its excellence is due to its presenting in the form most acceptable and pleasant to the taste, the refreshing and truly beneficial properties of a perfect laxative; effectually cleansing the system, dispelling colds, headaches and fevers and permanently curing constipation. It has given satisfaction to millions and met with the approval of the medical profession, because it acts on the Kidneys, Liver and Bowels without weakening them and it is perfectly free from every objectionable substance.

Syrup of Figs is for sale by all druggists in 50c and \$1 bottles, but it is manufactured by the California Fig Syrup Co. only, whose name is printed on every bottle, also the name, Syrup of Figs, and being well informed, you will not accept any substitute if offered.

### Equalizing Taxes.

FRANKFORT, Ky., April 1.—The State Board of Equalization to-day passed on the following counties, fixing the assessment of property subject to equalization for the ensuing year:

Franklin County remains as last year.  
Bell County is raised 15 per cent. on lands and 10 per cent. on town lots.  
Jesseamine, raised 6 per cent. on lands, lots unchanged.  
Grant County was raised 20 per cent. on lands and 5 per cent. on lots.  
Lincoln was raised 10 per cent. on lands and 10 per cent. on town lots.

### IN MEMORIAM.

In memory of Harry Dresel, who died March 31, 1894.  
Dearest brother, how we miss you!  
Your dear face we see no more;  
How we long once more to see you,  
But you have gone forevermore;  
How you struggled to stay with us,  
But God called you at last.  
And we hope that we will meet you  
In that heavenly home of rest.  
Just one year since that sad day  
We laid you "neath the clay."  
Now our hearts are filled with pain!  
Still we would not call thee back again.  
You have left this world of crosses,  
Never more to suffer pain;  
But some day we'll see and love you,  
Nevermore to part again.

HIS SISTER AND BROTHERS.

County Judge	5 00
County Attorney	50 00

Frank Lunsford presented reports as committee of Salem Duke, Carrie Masterson, Lutie Cross and Jane Masterson.

W. L. Woodward presented a report as committee of Jasper Henson.

Reports were filed by Dr. Cartmell, Infirmary Physician, John Ryan, Infirmary Superintendent, and by the Board of Infirmary Directors. Dr. Cartmell reported that the sanitary condition of the Infirmary is now and has been most excellent as regards cleanliness, shelter and comfort, while the food provided for the inmates is sufficient and wholesome; and the patients have at all times received careful and prompt attention from the Superintendent and those under his authority. The Superintendent and his wife have been prompt, attentive and faithful to the sick and have looked after the health and comfort of all the inmates. Only one death occurred during the year, the case being of a colored man who died of typhoid fever. He was ill when brought to the infirmary.

Superintendent Ryan's report shows the following: Number of inmates at last report, 28; admitted during year, 26; discharged and left, 14; died, 1; found homes, 2; now on hand, 37. Three of those now on hand are lunatics, six are idiots, six are cripples and two are blind.

The financial report was as follows: Collected from State, county and city, \$ 769 65 Pasture and cash sales 253 25 Permanent improvements 153 96 Property on hand 1,788 47 Disbursements 3,270 71 Net expenditures 2,805 85

The average cost of keeping each inmate was \$70.14.

The owners of the Hill City Turnpike made a written tender of said road to the county on condition that the same be repaired and kept open by the county for use as a free pike. The offer was filed, and on motion Friday at 10 a. m. was named as the time to hear and consider propositions in regard to pikes.

Judge Hutchins announced that he had appointed Squires C. W. Williams and J. J. Perrine, Colonel R. R. Matby, Mayor W. H. Cox and Dr. John A. Reed a committee to go to Frankfort April 6th and protest against the proposed increase in the county assessment, and on motion he was authorized to pay the expenses of said committee.

## RIVER NEWS.

**Additional News of the Burning of the Fine Pittsburg Packet Iron Queen—One Life Lost.**

Brief mention was made yesterday of the burning of the fine Pittsburg-Cincinnati packet Iron Queen. The disaster occurred at 8 a. m. at Antiquity, O., twelve miles above Pomeroy. A deck-hand while carrying off hoop poles, struck a lamp which hung on the ceiling above the lower deck, which fell among some furniture packed with excelsior. The oil from the lamp and the excelsior together burned with lightning rapidity, and in a few minutes the boat was a mass of flames. After the boat burned the hull sank. As far as learned, but one person was lost, a colored chambermaid named Mattie Mosby, who lived in Cincinnati. The woman was in some way cut off from escape by the fire, and jumped into the river and was drowned. The Queen cost \$60,000 a few years ago. It was reported she was fully insured.

The river is falling here but is again rising at headwaters.

This has been an unfortunate year for steamboats, and it promises to be a record-breaker for disasters.

Telegraph for Pomeroy, Ruth for Portsmouth and Keystone State for Pittsburg are to-night's packets up. Down to-night: Bonanza from Pomeroy.

CARDINAL GIBBONS.

His Eminence Delivers a Sermon Bearing On Ex-Priest Slattery.

BALTIMORE, Mar. 31.—Cardinal Gibbons preached at the Cathedral to-day to a large congregation, from the text, "Which of you shall convict me?" His Eminence evidently had in mind ex-priest Slattery and the recent riots in the South. He said in part:

"We find it very hard to please our enemies. They are inconsistent. If we were to retain a degenerate clergy in the exercise of the public ministry they would point the finger of scorn at us and say, 'See how low is the moral standard of the Catholic clergy!' If we dismiss one of them they will forthwith pick him up from the gutter and receive this fallen angel with open arms and lead him about the country like some strange animal and exhibit him to the public gaze. He is sure, of course, to malign and misrepresent the church, for what man ever spoke kindly of the mother church he had insulted and dishonored? They affect to believe this man in his fall, when they would not listen to him when he was honored in the sanctuary."

His Eminence closed with an appeal to his hearers to treat the calumniators of the church with moderation, and in no case strike back at her enemies.

**For Sale.**

WILL NOT BE INDICTED.  
An Echo of the Riot in the Indiana State House.

INDIANAPOLIS, April 4.—The belief is expressed here that the present grand jury, which is engaged in investigating the recent legislative riot in which Myron D. King, private secretary to Governor Matthews, was seriously injured while trying to make his way to the speaker with a veto just before the legislature adjourned sine die, will return no indictments because of the short time the jury will hold.

A number of witnesses testified yesterday. Governor Matthews was the principal witness. He gave the history of the custodian bill from the time it was received by him to the time he sent it to the house by his private secretary. Mr. Matthews did not see the riot, and could testify to nothing relating to the actual fight. He gave the jury the time of the departure of the bill from his office.

It is understood that Governor Matthews was ready to state, and perhaps he did so state, that the reason he held the custodian bill back was for the purpose and with the hope that it would be defeated. Among the witnesses who have been called to testify are Will Hughes, deputy county auditor, M. D. Yontz, William Hatch, Representatives Adams, Allen, Boardman and others.

It is reported about the courthouse that there may be indictments for interfering with the governor's secretary, but this information does not come from the grand jury room.

STRANGE PHENOMENA.

Water Well Suddenly Changes to a Flow of Oil.

BLOOMINGTON, Ind., April 4.—A constant stream of people with vessels varying in size from an oyster can to a wash kettle, carrying away genuine oil from a well, was a scene witnessed yesterday at the well at the southeast corner of the public square. About 9 o'clock James Mobley took some water from the pump, and noticing the appearance of oil, applied a match. It burned freely, and he filled a lamp, which made a good light. Large quantities of the water was pumped out on the ground, and when lighted the blaze rose to a height of 12 feet.

The well is an old one, having been used by the people for years as a watering place. For several years signs of oil have been detected, but this is by far the largest yield. Various theories are advanced as to its sudden appearance, the most reasonable being that it comes from an artesian well, which was bored a few years ago to a depth of 2,000 feet just a few yards away. When it was uncapped and a lighted taper dropped in a blue smoke arose. Excitement is very intense as other signs have been discovered.

BROKER MORTON DISGRACED.

He Is Dismissed From the Stock Exchange Because of Gross Fraud.

NEW YORK, April 4.—The board of directors of the New York Consolidated Stock and Petroleum Exchange, at a special meeting ordered the expulsion of Edward Morton, the head of the firm of Edward Morton & Company, bankers and brokers. The charges which caused Mr. Morton's expulsion were kept secret, but the cause was announced as obvious fraud.

Mr. Morton, up to a few weeks ago, had a branch store in Boston, and it was because of dealings of the branch house with New England customers that the charges were brought. It is understood that a large number of persons who entrusted sums of money to the Boston branch to be invested in stocks, allege that Morton appropriated the money to his own use.

No Truth in the Rumor.

WASHINGTON, April 4.—Senor Romero, the Mexican minister, is in receipt of a report from the governor of the state of Mexico, dated on the 22d ult., stating that the authorities of the city of Cordova, near which town R. G. Morrison, an American citizen, formerly of Detroit, was reported to have been murdered by bandits, are without the slightest information about the supposed murder of Mr. Morrison, who seemed to be unknown to them. The published statements that Morrison had been robbed and murdered are declared to be baseless.

Nicaraguan Canal Investigators.

WASHINGTON, April 4.—The president has selected, under the provisions of the sundry civil appropriation bill, the following persons as a board to investigate and report upon the feasibility, permanence and expense of the Nicaraguan canal on route proposed by the construction company: From the army, Major William Ludlow, corps of engineers; from the navy, Commander U. T. Endicott, civil engineer, and from civil life, Alfred Noble of Chicago, member of the American Society of Civil Engineers.

Millinery Fire.

NEWARK, O., April 4.—The two-story brick building at the Licking county infirmary, occupied by about 80 insane inmates, was destroyed by fire Tuesday. The alarm was given by one of the insane patients, and by the prompt action of Superintendent Larison all were rescued from the burning structure. The building, together with nearly all its contents, is a total loss, with full insurance in the North American and German Insurance companies.

Chicago Merchants Protecting Themselves.

CHICAGO, April 4.—The Chicago cold storage and refrigerator companies and commission men and produce dealers have organized for self-protection, and propose in the future to divert business from all railroads discriminating against Chicago on eastern shipments. This action was taken on account of alleged heavy rebates given to seaboard business from the west and southwest sending freight around Chicago at a cut rate of 25 to 50 per cent.

CHICAGO, Ind., April 4.—Dave Pine is under arrest for hugging Miss Mary West at a dance. He says that he did not strike her, but that it was only "a rousin' big hug." The trial is set for next Monday.

Evidence of a Murder.

OWENSBORO, Ky., April 4.—The family of Professor Charles Brunner, who met such a tragic death in Hancock county last Saturday, now believe he was murdered and the woods fired to conceal the crime. His charred remains were found Saturday morning on the road from the school to his home. He had a wallet containing \$120, and wore an overcoat and rubber coat. The wallet was gone while a letter and papers were found, which are evidence that he was robbed and the money not burned. There was a hole in his back which, connected with other facts, leads to the belief that he was foully dealt with. An investigation will be made.

Death of a Well Known Editor.

TOLEDO, April 4.—Joseph Bender, formerly proprietor of the Toledo German Express and the Toledo Commercial, died at his home in this city of pneumonia, in his 69th year. Mr. Bender was an associate on the New York Staats Zeitung of the late Anton C. Hesing of Chicago, who died on Sunday last. He also held a position on the Illinois Staats Zeitung and on the Louisville and Milwaukee German papers.

Arrested For Murder.

VALPARAISO, Ind., April 4.—Gilbert Brown, Mrs. William Kehres and Edward Mosher were arrested yesterday charged with the murder of a wealthy farmer, William Kehres, whose body was found partly cremated a few days ago. Mosher is said to be Mrs. Kehres' paramour, and the murder was committed to secure the husband's property.

Sent Up For Life.

ELYRIA, O., April 4.—Charles Geska, who was convicted of murdering his stepfather and afterward burning his body, was yesterday sentenced to the penitentiary for life by Judge Nye. When the judge referred to Geska's stepfather the boy burst into tears.

Life In Japan.  
"It is a curious, but accepted truth," comments the wife of a naval officer who has resided a number of years in Japan, "that Americans, as a class, do not long stand up against Japan life. There is something in the air, or something lacking in it, which is peculiarly trying to us. So many naval officers serving a three or six years' duty there have come home with an incurable complaint that it is common talk in the service. Two admirals have died of abscess of the liver after several years' residence there, and other officers have had their health seriously impaired under similar conditions. I never was seriously sick in my life till I got out to the island empire, and throughout my whole stay I fought something. The English residents do not seem to suffer as we do, which is also a commented upon fact."  
—New York Times.

Wages Increased.

CLEVELAND, April 4.—The Globe Ship Building company announced today an increase of 10 per cent in the wages of all employees to take effect next Monday. This is virtually a restoration of the wages paid before Jan. 1, 1894, when a cut was made. The boiler makers all returned to work this morning.

Dr. Mary Defeated.

NORTHAMPTON, Mass., April 4.—Dr. Mary Walker, the eccentric woman who persists in wearing male attire, was in court Tuesday to contest her aunt's will. She appeared dressed in a neat black suit, and pleaded her own case. The judge decided against her and allowed the will.
